EVERY BODY KNOWS IT

When You Wear a
Tailor Made Suit

There is a peculiar distinction in the fit and workmanship which puts it in a class by itself, and the wearer in a class by himself, with other tailor garbed men.

When we make it your suit is made to fit you, and not a wooden dummy. No two forms are exactly alike, hence no suit patterned after a dummy will give you an exact fit, such as you get when we take your individual measurements.

\$20.00 to \$50.00

Such tobacco enjoyment

as you never thought could be is yours to command quick as you buy some Prince Albert and fire-up a pipe or a home-made cigarette!

Prince Albert gives you every tobacco satisfaction your smoke-appetite ever hankered for. That's because it's made by a patented process that cuts out bite and parch! Prince Albert has always been sold without coupons or premiums. We prefer to give quality!

PRINCE ALBERT

the national joy smoke

has a flavor as different as it is delightful. You never tasted the like of it! And that isn't strange, either.

Buy Prince Albert every-where tobacco is sold in tippy red bags, 5c; tidy red tins, 10c; handsome pound and half-pound tin humidors—and that corking fine pound crystal-glass humidor with sponge-moistener top that keeps the tobacco in such clever trim—always!

Men who think they can't smoke a pipe or roll a cigarette can smoke and will smoke if they use Prince Albert. And smokers who have not yet given P. A. a try-out certainly have a big surprise and a lot of enjoyment coming their way as soon as they invest in a supply. Prince Albert tobacco will tell its own story!

R. J. REYNOLDS TOBACCO CO., Winston-Salem, N. C.

A National Institution

"Why, sir, the Union may be preserved from dismemberment by this proposed railroad."—Joseph R. Underwood in the United States Senate, February 19, 1853.

"The road has been built through an Indian country with all the tribes banded together and hostile."—General G. M. Dodge in Congress, 1863.

FOR half a century and more—ever since the first locomotive poked its nose west of the Missouri River—this railroad has worked continuously for the development of the territory which it serves, and for the improvement of the property. Hundreds of thousands of dollars are spent every year in telling the people of the East about the wonderful opportunities of the West. Prosperous cities and towns, thriving industries and fertile farms mark fifty years of notable progress. The Union Pacific System has led among western railroads in keeping its lines at the highest standard; whether business is good or bad, adequate provision is always made for maintenance of

the Boulevard of Steel which links the East with the West. The Union Pacific System has also been first with practically every device which makes for security and comfort of travelers and for safety and expedition in the passage of freight.

Success has justified this policy of efficiency, but the full measure of success has been attained only by the confidence and support of the people who live in the Union Pacific country, and to them this advertisement is directed in a spirit of grateful appreciation. The Union Pacific System is proud of its territory and of the people who live in its territory, and in turn is worthy of the pride with which it is regarded by the people it serves as a great national institution.
